

My Fire Inspection

Become a Safety Inspector!

Make sure your home is safe and inspect for risks. Ask a grown-up for help.

All smoke alarms work when tested and are less than 10 years old.

A grown-up always stays in the kitchen whenever food is cooking and they don't let pot handles overhang the stove top.

Electrical cords are in good condition (not damaged).

The clothes dryer has a clean vent and filter (no lint build-up).

Appliances and lights are plugged into separate electrical outlets.

Our address is visible and clearly marked from the road.

All escape routes are clear of clutter and easily accessible.

Space heaters and fire places are kept 3 feet from anything flammable.

A Carbon Monoxide detector on every floor and they are less than 7 years old.

Your bedroom has 2 ways out, a window and a door.

We only charge devices like phones and tablets on hard surfaces.

The water heater is set no higher than 120 degrees.

If any of your circles are **YELLOW** or **RED**, ask a grown-up to make it safe.

My name: _____

If the item on your list is **SAFE**, color the circle next to it **GREEN**.
If the item on your list is **UNSAFE**, color the circle next to it **RED**.
If you are **NOT SURE** if the item on the list is safe, color the circle **YELLOW**.
